SKILLS

- **Languages:** C++, Java, C, Python
- **Frameworks:** FastAPI, Scikit-learn, Django
- **Tools/Platforms:** LeetCode, VSCode, GeeksforGeeks, HackerRank
- **Soft Skills:** Communication Skills, Team Player, Time Management

PROJECTS

Phishing Website Detection System: [Github](#) Jul 2025

- Built a supervised machine learning system to detect phishing websites using the UCI Phishing Dataset and 30+ real-time URL features extracted via web scraping, WHOIS lookup, SSL analysis, and HTML inspection.
- Trained and optimized Random Forest & XG Boost models, achieving 97% test accuracy after Grid Search CV tuning and ROC-AUC evaluation.
- Developed a Fast API-powered web service capable of analyzing any user-provided URL in real time and returning model predictions with full feature breakdown.
- Designed a modular pipeline including preprocessing, feature extraction, model training, evaluation, and deployment using production-grade folder structure.
Tech Stack: Lang Chain, Fast API, Python, NLP.

Time-Decaying Memory Particle Swarm Optimization for Multi-Robot Coordination: [Github](#) Mar 2025

- Developed an enhanced Particle Swarm Optimization (PSO) algorithm with time-decaying memory for efficient multi-robot path planning and coordination.
- Designed and simulated the system in Python to improve convergence speed and cooperative robot behavior.
- Utilized key tools and concepts including Python, PSO, optimization algorithms, multi-robot systems, and simulation techniques.

CERTIFICATES

- Data Structures and Algorithms Using C++ - Lovely Professional University | [Link](#) Jul 2025
- Computational Theory: Language Principle & Finite Automata Theory | [Link](#) Aug 2025
- ChatGPT-4 Prompt Engineering: ChatGPT, Generative AI & LLM | [Link](#) Jun 2025
- Build Generative AI Apps and Solutions with No-Code Tools | [Link](#) Aug 2025

ACHIEVEMENTS

- **Secured Bronze Level in Python on Hacker Rank:** Sept 2024
Secured a Python Bronze Badge on Hacker Rank after dedicating 25+ hours to mastering data structures and algorithms, showcasing commitment to continuous learning and skill enhancement
- **Solved 15+ Tests on Hit bullseye:**
Completed 15+ aptitude and verbal tests on Hit bullseye platform.
- **Solved 75+ Solved on LeetCode:**
Strengthened DSA fundamentals and algorithmic problem-solving.

EDUCATION

- **Lovely Professional University** Phagwara, Punjab
Bachelor of Technology - Computer Science and Engineering; CGPA: 7.50 Since Aug 2023
- **Christ Nagar Central School** Thiruvananthapuram, Kerala
Intermediate; Percentage: 73 Jun 2020 – Mar 2022
- **Christ Nagar Central School** Thiruvananthapuram, Kerala
Matriculation; Percentage: 83 Jun 2019 – Mar 2020
